Office Superintendent of Education,
Refugees and Freedmen, State of Texas,
Galveston, June 15, 1867.

John. C. Stevenson, Esq

Dear Sir

Yours of the 11th
Countermanding the previous order for books
is received in time

Whether you close school soon depends entirely
on yourself; if you choose to teach through the
Summer the Bureau will be well pleased.
As many of our Teachers as prefer to continue,
will receive every encouragement from the Govern't.
It is our policy to keep open every school that
we can.

Have you heard aught of the missing books?
Can't you take a run down to Indianola
some Saturday look them up, they must
be there. Lt Filch seems to have been
neglectful.

Very respectfully
E. W. Wheelock
