Indianola Texas May 31/67

A. O. Stevenson Esq
Lavaca

Dear Sir

Is there anything that I can do for the school over which you are so constantly laboring? although I have moved away from Lavaca, still do not think that I have forgotten your little flock of colored children, or their wants. - If you want any books, papers, or anything else to make the school successful, and for the improvement of the children, be pleased to let me know it without hesitation and I will try and meet your wants. - Let me know how the school is progressing through the week, and how the Sabbath school is getting along. -

I remain yours the same with the kindest regard -

G. W. Ware

Is the little church building free of debt? If not how much is unpaid
