American Tract Society,
INSTITUTED AT BOSTON, 1814.
REV. G. S. F. SAVAGE, Secretary for the West,
Office and Depository, 84 E. Washington St.,

Chicago, Aug 5th 1868.

Dear Bro. Stevenson.

Yours is received, and I send you to-day by mail - a copy of "Cruchard on Congregationalism".

If there is a Cong'l Church at Rice Lake you had better unite with it by letter & then they will ~~Call~~ unite with you in calling a Council of a few of the neighboring Ministers. If there is no Cong'l Church there, you had better go to Oswatond, & present your letter to their Church - Rev. L. Griggs is the Pastor, & Consulting with him, he will aid you in having a Council called by his Church. You have your Credentials also as a Teacher of the Am. Miss'y Assoc. - These will be your letter of introduction, to the brethren.

The Council would examine you in respect to your Christian Experience - your

knowledge of Christian doctrines. & your reasons for desiring to enter the ministry

Trusting that God will guide you in this important matter. I am.

Fraternally Yours

C. G. H. Savage
