Dear Nephew,
Your of 2^d

is welcome - I have ordered
31 copies Somebody's Paper for
6 months - I supposed you would
prefer that to 15 copies ^{for} a year -
I had \$2⁹⁰/₁₀₀ in your offer - I
send you \$100 & rec'd \$100 from 3^d
inst. - which I trust will relieve
your necessities - Always in-
form us when you need money
because we can usually get
it at some rate - I will send
you some other papers for
distribution till you receive
your subscription - Not so good as
the 2^d thing - Glad to know Dr. H. is
brandy - Please thank him for his in-
terest for me with very affection

Regards - You have done well
in filling those vacancies -
Make the Trustees feel that
they have responsibility & a
voice in the conduct of the
School matters - Tell them
plainly of our attitude about
colored teachers & ask if they
would advise differently - We
will follow their advice if
possible. Pay \$15 & board - the
latter of which is charged in colored
families to the colored teacher.
We make no discrimination
except in different grades of
work as a teacher, & even there
not much with our white
teachers - In the night school
we understand you are to
have all you can make - Is
that your understanding? Col.
You give me a brief crisp letter with
facts & incidents of your observations for
forthcoming paper, Birmingham in America? 2
Proternally C. B. Brown
